The ELUNA Solution

Compact, pre-measured & free from unnecessary waste.. ELUNA transforms laundry into a seamless ritual of care. With a formula that is gentle, effective & eco-conscious. It elevates an everyday task into an experience of refined simplicity.

EFFORTLESS. HIGH PERFORMANCE. KIND TO SKIN.. SPACE SAVING

Challenges with regular laundry detergent

Laundry care has long been weighed down by excess: oversized plastic bottles, messy powders, artificial fragrances, and harsh chemicals. Beyond being inconvenient, these choices burden our health, our homes, and our planet.

- Bulky & Inelegant – Heavy packaging that clutters your space.
- Plastic Pollution – Billions of detergent bottles enter landfills and oceans every year.
- Harsh on Skin & Textiles – Strong chemicals irritate skin and weaken fabrics.
- Messy & Wasteful – Measuring liquids or powders often leads to spills and overdosing.

Use the length lock when using
(the two protrusions must fit on each other)
location: plastic part of the lower stem
connection switch

HOW TO CLEAN THE MOP HEAD

1. First open the lock (on the handle of the second mop).
2. Align the notch on the mop disc with the white centrifuge head.
3. Hold the mop handle vertically.
4. Hold the mop handle firmly, quickly raise and lower the handle.
5. Make the mop disc rotate so that the mop head can be cleaned (a small amount of detergent can be added when cleaning).

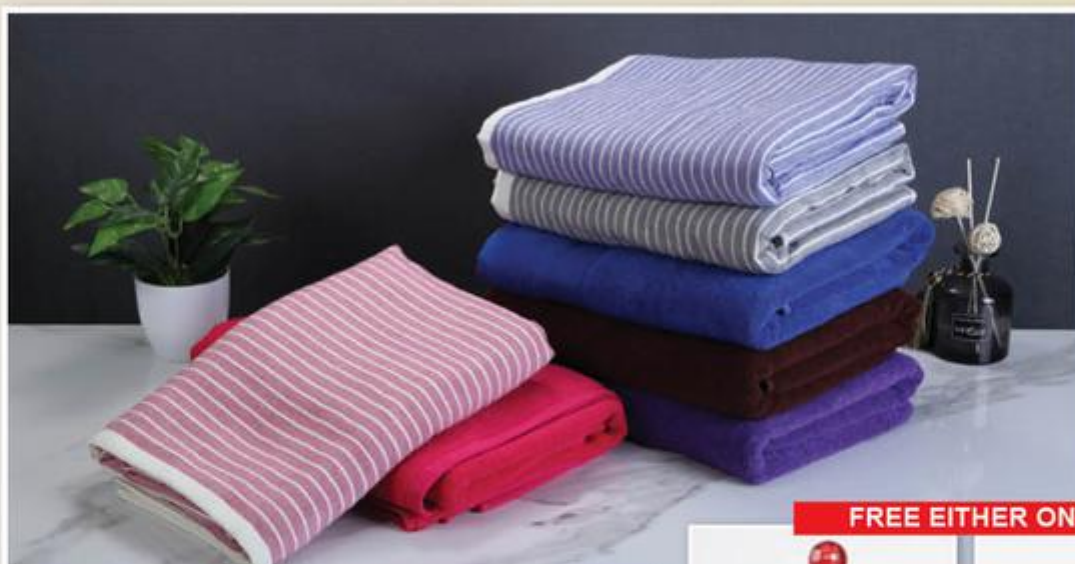

HOW TO DRY THE MOP HEAD

1. Open the lock (on the handle of the other mop).
2. Place the mop (the base with the head) in the centrifuge.
3. Hold the mop handle vertically.
4. Hold the mop handle firmly, quickly raise and lower it.
5. Make the mop base rotate, using the centrifugal force to spin (the higher the speed, the greater the spinning effect). Push down and immediately lift up, and then push down again (about 7-8 times).
